

The diagram shows a towing hook assembly mounted on a vehicle's front grille. The hook is a cylindrical metal component with a central opening. A circular towing cover is shown below it, which fits over the hook. The cover has a small rectangular tab on its edge. The entire assembly is mounted on a grille with horizontal slats. The text 'Towing hook' is positioned above the hook, and 'Towing cover' is positioned to the right of the cover. A leader line points from the text to the hook, and another leader line points from the text to the cover. The vehicle's body lines are visible at the top and bottom of the diagram.
