

A technical line drawing of a mechanical assembly, possibly a motor or pump. The drawing shows a central cylindrical component with a flange-like structure at its top. This central part is surrounded by a complex arrangement of other components, including what appears to be a housing or frame with various mounting points, bolts, and internal structures. A callout line originates from the text 'MD998285' and points to a specific feature on the inner surface of the central cylindrical component. The drawing is a black and white line art, typical of technical manuals.
