

Connector: B-01

**Harness side
connector**

A detailed line drawing of a vehicle's interior, showing the driver's side. The drawing includes the steering wheel, dashboard, and various mechanical components. A black arrow points to a specific connector labeled 'B-01 (B)' located near the driver's seat. The connector is a two-pin type, consistent with the schematic shown in the top right.

B-01 (B)
