

Driveshaft <RH>

This technical drawing illustrates the rear right-hand (RH) side of a vehicle's chassis and suspension system. The driveshaft is shown at the top, connected to the rear axle. The rear axle assembly includes the axle housing, axle tubes, and the rear suspension components. Two arrows point to the rear shock absorbers, which are mounted to the axle housing. The drawing also shows the rear spring assembly, including the coil springs and the rear suspension crossmember. The text 'Driveshaft <RH>' is located at the top left, and the part number 'AC809079AB' is at the bottom right.
