

The diagram shows a top-down view of a vehicle's floor area. Two circular inspection lids are visible. The lid on the right is labeled 'Floor inspection lid (LH)'. A leader line points from the text to the center of this lid. The lid has a central circular opening with a screw-like detail. Below the lid are two rectangular slots. The floor surface is indicated by several vertical lines. A cable or hose is connected to the left lid, and another cable is connected to the right lid. The overall drawing is a simple line art representation.

Floor inspection lid (LH)
