

<Standard meter>

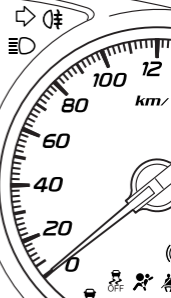

LDW

4WD-E LOCK

ECO MODE

(A) OFF

The central instrument panel contains several indicator lights and labels. At the top, there are icons for a car with a seatbelt, a car with a warning triangle, a car with a car icon, and a car with a headlight. Below these are the labels LDW, 4WD-E LOCK, and ECO MODE. To the right, there are two circular indicators labeled (A) OFF.

LIMIT 88 km/h

OFF 88 km/h

AVG 10.5

88.88 mpg

88.88 miles

AS&GL/100km/L

0 1

The digital instrument cluster is located in the center. It displays various driving metrics. At the top, it shows 'LIMIT 88 km/h' and 'OFF 88 km/h'. Below that, it shows 'AVG 10.5' with a car icon. The next line shows '88.88 mpg' and '88.88 miles'. Below that, it shows 'AS&GL/100km/L'. At the bottom, there is a fuel gauge icon and a scale from 0 to 1.
