

Transmission
case hole

The image is a technical line drawing of a CVT assembly connector. It shows a complex mechanical assembly with various gears, shafts, and housing components. A large circular component is prominent in the center. A thick black arrow points from the text 'Transmission case hole' to a specific hole in the housing. A thin line points from the text 'CVT assembly connector' to a component on the left side. In the top left corner, there is a small inset drawing of a separate part, possibly a pin or a bolt, with a chamfered end.
