

A technical line drawing of a mechanical assembly. The drawing shows a cylindrical component with a threaded section. A snap ring is being inserted into a groove on the side of the component. The snap ring is shown in a cross-sectional view, highlighting its C-shaped profile and the teeth on its inner edge. The drawing uses various line styles to represent different parts and their assembly. The text 'Snap ring' is written in a bold, sans-serif font, with a leader line pointing to the snap ring. The part number 'AK502197AE' is located in the bottom right corner.
