

Valve seat
height

The diagram shows a cross-section of a valve seat. A vertical double-headed arrow on the left indicates the 'Valve seat height' from the top of the seat to the bottom of the hole. A horizontal double-headed arrow at the bottom indicates the 'Oversize hole diameter' of the hole. The hole's profile is shown as a smooth curve that tapers from the top to the bottom. The seat is shown as a hatched area on the right, and the hole is shown as a hatched area on the left.

Oversize hole diameter
