

A technical line drawing of a mechanical assembly, likely a gear train or engine component. The drawing shows a large central gear with several smaller gears and shafts. Three callout lines point to specific hexagonal features: one points to a hex nut on a shaft in the upper right, another points to a hex nut on a shaft in the lower center, and a third points to a hex nut on a shaft in the lower left. The drawing is detailed, showing various bolts, nuts, and the meshing of the gears.
