

A technical line drawing of a drive belt auto-tensioner assembly. The drawing shows a pulley with a drive belt wrapped around it. A curved arrow indicates the direction of rotation. Below the pulley, there is a component labeled 'Drive belt auto-tensioner'. Two holes are marked on the assembly: 'Hole A' is a small hole on a bracket, and 'Hole B' is a larger hole on a shaft. A bolt is shown passing through Hole B. The part number 'AC511205AC' is printed at the bottom right.
