

MB991693

A technical line drawing of a mechanical assembly. The drawing shows a central circular component with a threaded shaft protruding from its center. This central component is surrounded by a larger, more complex housing or bracket. A callout line points from the text 'MB991693' to a specific part of the housing. The entire assembly is mounted on a base plate with several circular holes. The drawing is a black and white line art style.
