

A technical line drawing of an alternator drive belt auto-tensioner assembly. The drawing shows a pulley with a V-shaped groove, a drive belt, and a tensioner arm. A thick black arrow points to the pulley. Two holes are labeled 'Hole A' and 'Hole B'. A bolt is shown passing through Hole A. The text 'Alternator drive belt auto-tensioner' is on the left, and 'AC511205 AB' is at the bottom right.
