

MD998785

A technical line drawing of a mechanical assembly. The drawing shows a central gear with a hexagonal nut in its center. To the right of the gear is a curved bracket-like component with a hole. A leader line points from the text 'MD998785' to this bracket. The background consists of various other mechanical parts, including bolts and nuts, all rendered in a clean, black-and-white line-art style.
