

MD998443

A technical line drawing of a mechanical assembly. The drawing shows a complex arrangement of parts, including a large cylindrical component on the right with a hexagonal nut and a bolt. A smaller cylindrical part is attached to the side of this larger cylinder. In the foreground, there are two rectangular plates or covers, one of which is secured with a bolt. The entire assembly is mounted on a base. The drawing uses various line styles to represent different parts and their connections. Two callout lines point from the text labels to specific parts of the assembly.
