

A technical line drawing of an engine's internal components. The drawing shows a complex arrangement of parts, including a large curved component on the left, a central vertical assembly, and a series of vertical components on the right. Two labels with leader lines point to specific parts: 'Oil feeder control valve' points to a small cylindrical component in the center, and 'Taper plug' points to a conical component below it. The drawing is a black and white line art style.

Oil feeder control valve

Taper plug
