

MD998348

This technical drawing shows a cross-section of a mechanical assembly. A central shaft is supported by a bearing assembly. A callout line points to a specific component labeled MD998348, which is a bolt or screw used to secure a housing. Another callout line points to the rear bearing of the countershaft, labeled 'Countershaft rear bearing'. The drawing includes various gears, shafts, and housing components, with a 'C' symbol indicating a cut line.
