

17.1 – 17.7 mm

The image is a technical line drawing of a mechanical assembly. It shows a central component with a rounded top and a cylindrical base, mounted on a vertical shaft. To the left, there is a vertical plate with a hole through which the shaft passes. A dimension line with arrows at both ends is drawn horizontally, indicating the distance from the left edge of the plate to the center of the shaft. Below the main assembly, there are several other components: a long, thin cylindrical part, a larger curved component, and a smaller cylindrical part with a flange. The drawing is a black and white line art style.
